LISTENING C2	**READING** C2	**WRITING** C1
SPOKEN PRODUCTION C1	**SPOKEN INTERACTION** C1	

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

HTML 5: HTML/CSS/JQuery

Languages

Python / C++ / C / SQL / JavaScript / Node.Js, React.Js / Bootstrap and Tailwind CSS

CONFERENCES AND SEMINARS

[05/06/2024 – 06/06/2024] GIKI swabi Campus
Buisiness Intelligence and Data Visualization

[22/12/2024 – 22/12/2024] Peshawar
Google Developer Group Peshawar

[21/02/2025 – 21/02/2025] UET Mardan
Introduction to AWS

PROJECTS

Pig Dice Game – JavaScript Project
Designed and developed an interactive two-player dice game inspired by the classic **Pig Game** rules.
Implemented core game mechanics such as dice rolling, score tracking, player switching, and game-winning logic based on a **100-point threshold**.
Applied **DOM manipulation** to dynamically update scores, toggle player states, and control UI visibility (e.g., dice image, winner styles).
Write here the description...

Bankist – Modern Banking Interface
Write here the description...Built a **fully functional banking web application** (Bankist) mimicking real-world online banking experiences with a clean, responsive UI.
Implemented **core features** including:
  • User login/logout with personalized welcome.
  • Real-time **transaction history display** with date and amount formatting.
  • **Transfers** between accounts and **loan requests** with eligibility validation.
  • Automatic **account logout timer** for session security.
  • **Account closing** functionality with secure confirmation checks.

VegeFood
Vegefoods is a modern, responsive grocery and organic food store website. It features a clean layout with sections for products, categories, testimonials, and promotions. The design includes a user-friendly navigation bar, dropdown menus, a shopping cart, and mobile-friendly responsiveness, making it ideal for showcasing healthy and organic food items online.

AVO - Modern and Manimal Portfolio website
AVO Portfolio is a sleek and minimal personal portfolio website designed for creatives and professionals. It features smooth scrolling, responsive layout, animated sections, and a clean UI to showcase projects, skills, and contact details. Built using modern frontend technologies, AVO emphasizes user experience and mobile optimization to present work in a visually engaging way.
